[>]: sets the minute ahead. [<]: sets the minute back.

8 Press [DISP] (CLOCK). 8: 15 FM I

 "AdJ" is displayed before adjusting the clock. Hold down [<] or [>] to change numbers rapidly.

# Maintenance

Your product is designed and manufactured to ensure the minimum of maintenance. Use a soft cloth for routine exterior cleaning. Never use benzine, thinner, or other solvents

If the replaced fuse fails, contact your nearest authorized Panasonic Service Center

• Use fuses of the same specified rating (15 A). Using substitutes or fuses with higher ratings, or connecting the unit directly without a fuse could cause fire or damage to the unit. If the replaced fuse fails, contact your nearest authorized Panasonic Service Center.

# **Anti-Theft System**

This unit is equipped with a removable face plate. Removing this face plate makes the unit totally inoperable.

# 

 This face plate is not waterproof. Do not expose it to water or excessive moisture.

 Do not remove the face plate while driving your car. Do not place the face plate on the dashboard or nearby areas where the temperature rises high.

 Do not touch the contacts on the face plate and the main unit since this may result in poor electrical contact

 If dirt or other foreign substances get on the contacts, wipe them off with a clean and dry cloth.

**1** Turn off the power. 2 Press [1.]. The removable face plate will open. **3** Pull it out toward you.

1 Slide the left side of the removable face plate in

2 Press the right end of removable face plate until a "click" is heard.

Read the operating instructions for the unit and all other components of your car audio system carefully before using the system. They contain instructions about how to use the system in a safe and effective manner. Panasonic assumes no responsibility for any problems resulting from failure to observe the instructions given in this

Always stop the vehicle in a safe location and use the parking

and damage to the product.

This pictograph intends to alert you to the presence of important operating instructions and installation instructions. Failure to heed the instructions may

This manual uses pictographs to show you how to use the product safely and to alert you to potential dangers resulting from improper connections and operations. The meanings of the pictographs are explained below. It is important that you fully understand the meanings of the pictographs in order to use this manual and the system

Caution

This pictograph intends to alert you to the presence of important operating instructions and installation instructions. Failure to heed the instructions may result in injury or material damage.

☐ Disconnect the lead from the negative (-) battery termi-Observe the following warnings when using this nal hefore installation Wiring and installation with the negative (-) battery terminal con-

nected may cause electrical shock and injury due to a short circuit. ☐ The driver should neither watch the display nor operate Some cars equipped with the electrical safety system have specific Watching the display or operating the system will distract the driv-FAILURE TO FOLLOW THE PROCEDURE MAY LEAD TO THE er from looking ahead of the vehicle and can cause accidents. UNINTENDED ACTIVATION OF THE ELECTRICAL SAFETY SYSTEM

RESULTING IN DAMAGE TO THE VEHICLE AND PERSONAL ☐ Never use safety-related components for installation, grounding, and other such functions.

Observe the following warnings when installing.

Do not use safety-related vehicle components (fuel tank, brake suspension, steering wheel, pedals, airbag, etc.) for wiring or fix-

ing the product or its accessories. ☐ Installing the product on the air bag cover or in a location where it interferes with airbag operation is prohibited.

□ Check for piping, gasoline tank, electric wiring, and other items before installing the product. If you need to open a hole in the vehicle chassis to attach or wire the product, first check where the wire harness, gasoline tank, and electric wiring are located. Then open the hole from outside if pos-

☐ Never install the product in a location where it interferes with your field of vision. □ Never have the power cord branched to supply other

equipment with power. ☐ After installation and wiring, you should check the nor-

mal operation of other electrical equipment. The continuation of their using in abnormal conditions may cause fire, electrical shock or a traffic accident

☐ In the case of installation to an airbag equipped car, confirm warnings and cautions of the vehicle manufacturer ☐ Make sure the leads do not interfere with driving or getting in and out of the vehicle.

☐ Insulate all exposed wires to prevent short circuiting.

## 

Observe the following cautions when using this

☐ Keep the sound volume at an appropriate level. Keep the volume level low enough to be aware of road and traffic

conditions while driving. ☐ This unit is designed for use exclusively in automo-

☐ Do not operate the unit for a prolonged period with the engine turned off. Operating the audio system for a long period of time with the

engine turned off will drain the battery.  $\Box$  Do not expose the unit to direct sunlight or excessive

Otherwise these will raise the interior temperature of the unit, and it may lead to smoke, fire, or other damage to the unit. ☐ Do not use the product where it is exposed to water,

moisture, or dust. Exposure of the unit to water, moisture, or dust may lead to smoke, fire, or other damage to the unit. Make especially sure that the unit does not get wet in car washes or on rainy days

Observe the following cautions when installing. ☐ Refer wiring and installation to qualified service per-

Installation of this unit requires special skills and experience. For maximum safety, have it installed by your dealer. Panasonic is not liable for any problems resulting from your own installation

☐ Follow the instructions to install and wire the product Not following the instructions to properly install and wire the product could cause an accident or fire.

☐ Take care not to damage the leads.

When wiring, take care not to damage the leads. Prevent them from getting caught in the vehicle chassis, screws, and moving parts such as seat rails. Do not scratch, pull, bend or twist the eads. Do not run them near heat sources or place heavy objects on them. If leads must be run over sharp metal edges, protect the leads by winding them with vinyl tape or similar protection.

☐ Use the designated parts and tools for installation.

Use the supplied or designated parts and appropriate tools to install the product. The use of parts other than those supplied or designated may result in internal damage to the unit. Faulty

installation may lead to an accident, a malfunction or fire. Do not block the air vent or the cooling plate of the unit. Blocking these parts will cause the interior of the unit to over-

heat and will result in fire or other damage.  $\Box$  Do not install the product where it is exposed to strong vibrations or is unstable.

Avoid slanted or strongly curved surfaces for installation. If the installation is not stable, the unit may fall down while driving and this can lead to an accident or injury.

☐ Installation Angle The product should be installed in a horizontal position with the front end up at a convenient angle, but not more than 30°. The user should bear in mind that in some areas there may be

restrictions on how and where this unit must be installed.

Consult your dealer for further details. ☐ Wear gloves for safety. Make sure that wiring is completed before installation.

☐ To prevent damage to the unit, do not connect the power connector until the whole wiring is completed. ☐ Do not connect more than one speaker to one set of

speaker leads. (except for connecting to a tweeter)

# **Notes on Discs**

If you use commercial CDs, they must have the label shown at right Some copy-protected music CDs are not

playable. How to hold the disc

 Do not touch the underside of the disc. Do not scratch on the disc. Do not bend the disc.

 When not in use, keep the disc in a case. Do not leave discs in the following places:

 In direct sunlight Near car heaters Dirty, dusty and damp areas

On seats and dashboards

scratches, etc. on the disc surface

and make playback impossible.

(CD-R/RW drive) and the discs.

other than CD-DA data.

is not closed.

for handling it.

Disc cleaning Use a dry, soft cloth to wipe from the center outward.

 You may have trouble playing back some CD-R/RW discs recorded using CD recorders (CD-R/RW drives), either

due to their recording characteristics or dirt, fingerprints.

CD-R/RW discs are less resistant to high temperatures

and high humidity than ordinary music CDs. Leaving

them inside a car for extended periods may damage them

Some CD-R/RWs cannot be played back successfully due

to incompatibility among writing software, a CD recorder

This player cannot play the CD-R/RW discs if the session

• This player cannot play the CD-R/RW discs which contain

# Wiring/배선

## **⚠** Caution

To prevent damage to the unit, do not connect the power connector until the whole wiring is completed.

장치에의 손상을 방지하기 위하여 전 배선이 종료된 후에 전원 커넥터를 접속해 주십시오.

## Final Installation/최종 설치

**Lead Connections**Connect all wires, making sure that each connection is insulated and secure. Bundle all loose wires and fasten them with tape so they will not fall down later. Now insert the unit into the mounting collar.

**리드선 접속** 모든 배선을 접속한 다음 접속부는 절연하고 고정시킵니다. 또한 느슨 한 배선을 모아 테이프로 감싸서 떨어지지 않도록 한 후에 장치를 장착 칼라에 삽입합니다.

## Final Check/최종 확인

- Make sure that all wires are properly connected and insulated.
  Make sure that the main unit is securely held in the mounting collar.
  Turn on the ignition to check the unit for proper operation.

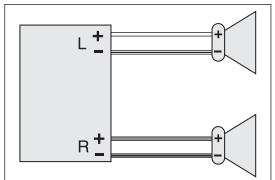

If you have difficulties, consult your nearest authorized professional installer for assistance.

- 1. 모든 배선이 올바르게 접속되고 절연되었는지를 확인합니다. 2. 본체가 장착 칼라에 확실히 장착된지를 확인합니다. 3. 점화 스위치를 켜고 장치가 올바르게 조작하는지를 확인합니다.

문제점이 있을 경우에는 가까운 설치 전문업자에 상담해 주십시오.

## Speaker Connection/스피커 접속

Connect as follows. 하기와 같이 접속합니다.

Use ungrounded speakers only.

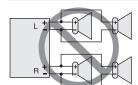

Allowable input: 50 W Impedance :  $4 - 8 \Omega$ 

Use of speakers which do not match the specifications can cause burning, smoking or damage of the speakers.

Distance between speaker and amplifier: 30 cm or more

●비접지 스피커만을 사용합니다.

허용 입력: 50 W 이상 임피던스: 4 - 8 Ω ●사양이 다른 스피커를 사용하면 화재, 발연 또는 스피커 손상의 원인이 됩니다.

## **⚠** Caution

•Do not connect more than one speaker to one set of speaker leads. (except for connecting to a tweeter)

●한 세트의 스피커 리드선에 스피커를 하나 이상 접속하지 마십시오.(고음용 확성기 접속을 제외하고)

●Do not use a 3-wire type speaker system

●공통의 접지선을 사용하는 3-배선식의 스피커 시스템을 사용하지 마십시오.
